BLOOMFIELD HIGH SCHOOL

Bloomfield, N. J.

DEDICATION

To a wise, gracious, and sympathetic counselor who, first as Miss Lucile S. Joseph and later as Mrs. William H. Williams, has so ably advised and guided the class through our years in Bloomfield High School we, the February class of 1938, with sincere gratitude dedicate this, our class yearbook.

B. H. S. Bengal

FOREWORD

Each class in its brief career has achieved some measure of distinction and has contributed in some degree to the richness and fullness of school life at Bloomfield High. Each class, too, has drawn more or less deeply on the vast reservoirs of experience, knowledge, and opportunity that are in this school of ours.

As we approach the climax of this important chapter in our lives, we of the senior class find it difficult to measure adequately how much we may have given and how much we have received. It is almost inevitable that in the years to come we shall wish that we had given more abundantly and received more freely, but we have enjoyed and profited by these four full and eventful years, whose memories we present in this, our year book, *Bengal*.

CLASS SONG

(Tune—The Song of the Marines)

By NORMA GARVIN

We've got to march on, we cannot stand still.
The duties ahead of us we will perform with a will,
We'll do with a will.
The milestone we are passing by, a challenge brings to all
To work for peace and harmony among the nations all.

And so,
"We're ready to go; wherever we go
We know that we go prepared"
By you, dear High, where we joys and sorrows shared.
To college or to business or a cottage just for two,
No matter where we are, dear High, we will remember you.

Chorus:

Farewell to thee, Bloomfield High!
It's hard to believe that our parting now is nigh.
Hail to the Red and the Grey!
We're facing life's facts; we're fighting life's wrongs. Always
We'll ever be true
When we think of you,
Dear Bloomfield High.
It's good-bye,
But we will always have the memory
Of guiding hands of the faculty.

WE

By EILEEN DOWNS

If one stops to think about it, there's probably not one other word in our language that can mean as much as "we." It signifies friendship, co-operation, and comradeship.

We are a February class. A June class enters high school when September's hazy, lazy days, aided and abetted by a great glowing sun and golden summer memories, lure freshmen from their school life to individual dreams; the common interest is slow to draw the group together. Young people, however, who make the transition from grade to high school in the gray, steel-cold days of a new year feel separated from the established high schoolites and attracted to each other by their newness and loneliness. Bound thus, we organized almost immediately; and by the time spring's delicate green flush had tinted all of nature with its whisper of promised fertility and productiveness, we had elected as president of our class Dorothy Heller, the first girl in B. H. S. to be so honored. The fragile beauty of porcelain-blue skies and feathery red-brown leaf-bud lace was united with the liquid silver of a bird's song; it was spring, and in our minds, as suddenly as it came to the world, came joy in new life, so that gradually we began to take our place in the unobtrusive niche set aside for a Freshman B.

After the all-too-short months of summer vacation, we returned as "educated freshmen." Although without sufficient self-confidence to assert ourselves in school activities, nevertheless we were a small, vociferous part of the enthusiastic students who cheered the '34 football team to a championship.

January brought about the change from freshman to sophomore, from a comparatively modest to quite a cocky outlook on a life of added momentum and increased social opportunities. In the second part of our sophomore year, almost forgetful of the dignity of an added year, we hysterically cheered the football team to another championship. This term some of the individuals of our class began to be noticed in athletics and school organizations, and we really felt "in the swim."

Our junior year was a build-up to the night when as blase, sophisticated 11A's, we gave our prom in the Glen Ridge Women's Club, in an atmosphere of soft lights, sweet music, gliding feet, and lovely gowns. As if to make this a very memorable year, our football and basketball teams both brought home championships; while the baseball nine was runner up.

Seniors, at last! In this twelfth year the "we" became more apparent, for there was work for everyone; and everyone was more than willing to do it. The Senior play was our big project, and it certainly showed clearly that we had developed a much more adult attitude toward co-operation in our work. Sale and distribution of tickets, publicity, advertising, and the actual acting in the play were all ably handled. Finally we awaited the opening night with much more interest, hope, and fear than we, as a group, had ever felt for anything before. *The Sap Runs High* repaid our work; and for the rest of the term, we rested on our Senior laurels.

After another glorious summer, we re-entered the well-known portals, far different boys and girls from those half frightened freshmen of '34. The rapidly changing kaleidoscope of annual pictures, measurements for caps and gowns, and a Senior's peculiar privileges combined to make our colorful Senior A year the best of them all. To complete our boast of Bloomfield football supremacy during all of our four years, this year's team has maintained its championship record.

Reading over this humble account of our activities, I see that "we" and "champion" are words which occur again and again; and from this fact one can see that *we've* had as nearly a *championship* rating in teachers, school, and classmates as one could hope for.

SENIOR PLAY—THE SAP RUNS HIGH

Standing, left to right: Edward Hester, Robert Bleecker, Frank Hasselbacher, Robert Rumsey, Donald Allen, Eugene Keenoy, Lawrence Cady. Sitting, left to right: James Marra, Virginia Miller, Dorothy Heller, Lois Heckel, Rose Milano, Frank Michelli.

SENIOR PLAY

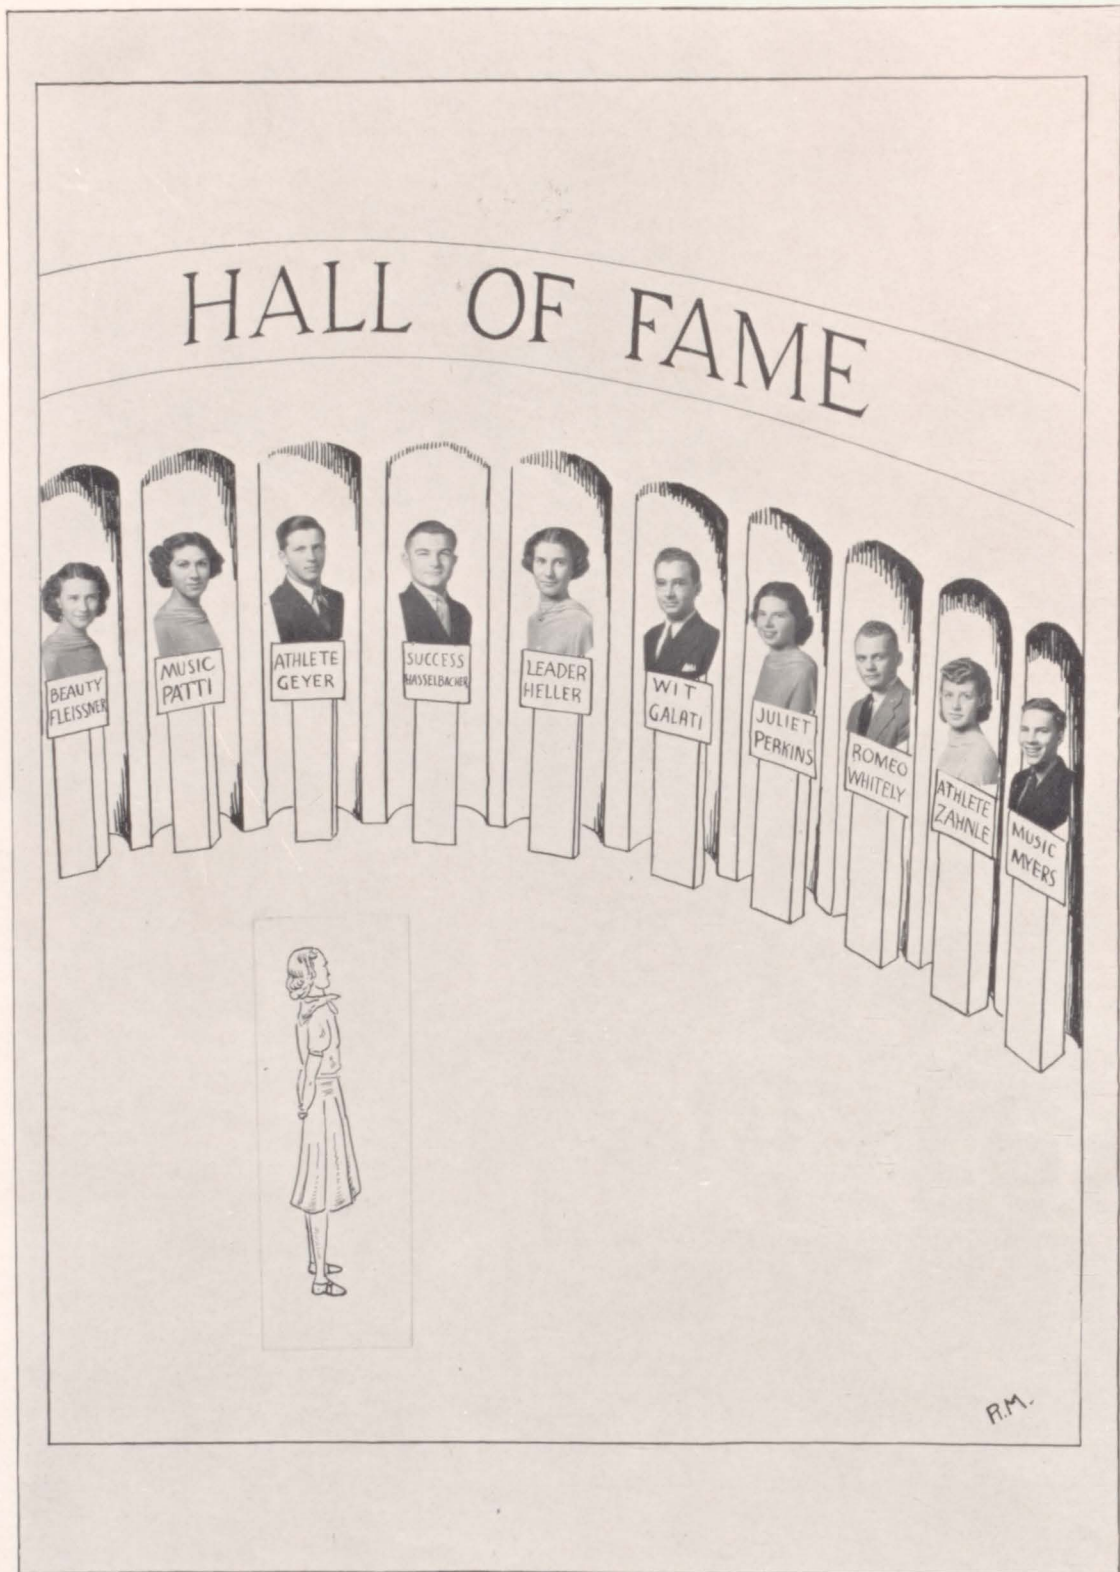

On the evenings of April 30 and May 1, 1937, the Senior class presented their play, "The Sap Runs High," a peppy, entertaining comedy in three acts. The play was ably directed by Mrs. William H. Williams, the class advisor.

To the audience, the play seemed to run smoothly, but they did not know of the troubles that had occurred before Friday night. Ruth Riley was taken ill with measles during the practice and was absent for two weeks, but she was back attending rehearsals just a few days before the opening night. Then a tragedy occurred! Bob Bleecker was in quarantine for scarlet fever and could not possibly appear in the play. The cast did not know what to do and probably never would have known if Mrs. Williams had not obtained the services of Joseph Biese, an alumnus, who was willing to fill in at such a short notice. Then hours of constant rehearsal followed. The class is very grateful to Joe, as he successfully filled Bob's shoes on Friday and Saturday nights.

The play was enjoyed by everyone, especially by married couples, since the hero of the comedy was henpecked Hasselbacher, who finally assumed the role of the vaunted head of the family. It afforded many laughs to the audience and was a grand success.

There's a high school in New Jer-sey, Dear old Bloom-field, bless her name;—
Soon the time will come when leav-ing Brings sor-row to each heart;—

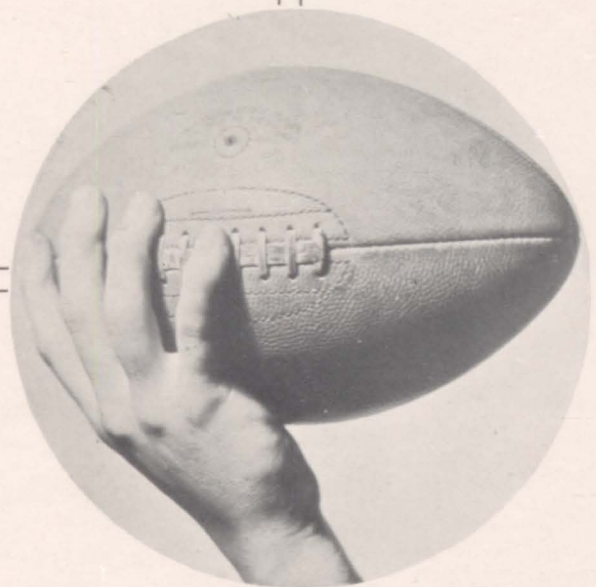

And we've loved her, yes, we've loved her, Since the day when first we came.—
And we'll say good-bye to Bloom-field— Let us prom-ise, ere we part,—

So, all hail! to Al-ma Ma-ter, And pledge e-ter-nal-ly,—
Though the years be long, when-ev-er we may meet, we'll join in praise,—

To live and die for Bloom-field High in love and loy-al-ty.
And thank our Al-ma Ma-ter for our good old high school days.

FOOTBALL—1937

"The best team that I have ever coached." Those are the words of praise heaped upon the B. H. S. grid team of 1937 by Coach Foley. These words carry a lot of weight, because since 1934 Coach Foley's elevens have captured four successive state championships.

After being held to a scoreless tie against Belleville in the second game of the season, the team fought its way back into the limelight, chiefly through victories over Dickinson, Irvington, and Montclair. At the end of the season Captain Krivik and his mates found themselves champions of North Jersey.

Not content with a sectional championship, Coach Foley decided to meet New Brunswick in a post-season game for the state championship. Tall tales began coming up from New Brunswick telling what Andy Beno and his mates would do to the Bengals, but when the smoke of battle cleared Bloomfield was again on top, this time by the astounding score of 54—0. This victory proved, beyond a doubt, the superiority of the Bengals and added fame to the already famous name of William Foley, one of the best high school football coaches in the U. S. A.

For the first time in over a decade a Bloomfield basketball team won the state championship. From the first game on January 8 with the Alumni to the last game when Asbury Park was defeated for the title, these boys thrilled everyone with their amazing fighting spirit and recuperative powers. This team, captained by Russ Fredericks, is one every B. H. S. student should be proud of and one that will live in the annals of Bloomfield as long as the school is in existence.

Weakened greatly by the loss of Don Savage in the East Side game, the team fought their way to a place in the Greater Newark Tournament. SWIMMING—1936-'37

The '36-'37 swimming season was the most successful enjoyed by the Red and Gray Mermen since the inception of the sport in 1934. Coached by Richard Cheadle and captained by John Morgan, the boys won six out of ten meets. Their most noted triumphs were a 38—37 victory over Westfield and a 34—32 victory over Montclair.

After a lapse of three years, track again came into being as a sport in Bloomfield High School. Under the supervision of Spencer C. Woolley, energetic young coach, the boys made a marvelous showing despite their inexperience. Entered in but four meets, Captain Geyer and his men broke even with Verona in two meets and finished second in two triangle meets.

Many good things are expected of the track team, and we wish Mr. Woolley the best of luck in his new venture.
